Project Name	Signs with smart connectivity for better road safety
Maximum Marks	4 Marks

The screenshot shows a web browser window with the URL `home.openweathermap.org`. The page features a navigation bar with links like 'Guide', 'API', 'Dashboard', 'Marketplace', 'Pricing', 'Maps', 'Our Initiatives', 'Partners', 'Blog', 'For Business', 'INDH...', and 'Support'. A green notification box states: "We have sent the confirmation link to `indhuindhuja13@gmail.com`. Please check your email."

Below the notification, there is a horizontal menu with links: 'New Products', 'Services', 'API keys', 'Billing plans', 'Payments', 'Block logs', 'My orders', 'My profile', and 'Ask a question'.

The main content area features a promotional banner for "Historical weather for any location". The banner includes a vertical collage of four weather images (clouds, sun, sunset, and a storm). The text on the banner reads: "Historical weather for any location", "Our new technology, Time Machine, has allowed us to enhance the data in the *Historical Weather Collection*.", and a bulleted list:

- Historical weather data available for **ANY** coordinate
- The depth of historical data have been extended to **40 YEARS**

Below the list, it says: "You can download data from *Personal account* or *contact us* to order it."

At the bottom of the banner are two orange buttons: "Learn more" and "Go to purchase".

The Windows taskbar at the bottom shows the search bar, task view button, and several application icons. The system tray on the right displays the battery level at 16%, temperature at 29°C, and the date and time as 19:06 on 09-11-2022.
