

Date	9 November 2022
Team ID	PNT2022TMID47361
Project Name	IOT Based Signs with smart connectivity for better road safety
Maximum Marks	4 Marks

The screenshot shows a web browser window with the OpenWeather website. The address bar shows 'home.openweathermap.org'. The navigation bar includes links like 'Weather in your city', 'Guide', 'API', 'Dashboard', 'Marketplace', 'Pricing', 'Maps', 'Our Initiatives', 'Partners', 'Blog', 'For Business', 'NITH...', and 'Support'. A green confirmation message states: 'We have sent the confirmation link to keerthinithikutty@gmail.com. Please check your email.' Below this, a menu lists 'New Products', 'Services', 'API keys', 'Billing plans', 'Payments', 'Block logs', 'My orders', 'My profile', and 'Ask a question'. The main content area features a section titled 'Historical weather for any location' with a background image of a sunset. The text describes a new technology called 'Time Machine' that enhances historical weather data. It lists two bullet points: 'Historical weather data available for **ANY** coordinate' and 'The depth of historical data have been extended to **40 YEARS**'. It also mentions that data can be downloaded from a 'Personal account' or by 'contact us'. Two orange buttons, 'Learn more' and 'Go to purchase', are at the bottom of the section. The Windows taskbar at the bottom shows the search bar, task view, and various application icons, along with system information like battery level (14%), temperature (29°C), and date (09-11-2022).
