The screenshot shows a web browser window with the OpenWeatherMap website. The address bar shows 'home.openweathermap.org'. The navigation bar includes links like 'Weather in your city', 'Guide', 'API', 'Dashboard', 'Marketplace', 'Pricing', 'Maps', 'Our Initiatives', 'Partners', 'Blog', and 'For Business'. A green confirmation message states: 'We have sent the confirmation link to gnanapriyavenkatesan@gmail.com. Please check your email.' Below this, a horizontal menu lists 'New Products', 'Services', 'API keys', 'Billing plans', 'Payments', 'Block logs', 'My orders', 'My profile', and 'Ask a question'. The main content area features a large image of a sky with clouds and a sun. To the right of the image, the heading 'Historical weather for any location' is displayed in orange. Below the heading, a paragraph states: 'Our new technology, Time Machine, has allowed us to enhance the data in the Historical Weather Collection.' This is followed by two bullet points: '• Historical weather data available for ANY coordinate' and '• The depth of historical data have been extended to 40 YEARS'. Below the bullet points, a line of text says: 'You can download data from Personal account or contact us to order it.' At the bottom of the main content area, there are two orange buttons: 'Learn more' and 'Go to purchase'. The browser's taskbar at the bottom shows several open tabs, including '7e3a47f6-e783-4ed4...pdf' and 'Delivery of Sprint-1[...pdf]', and the system tray shows the time as 15:40 on 09-11-2022.
